The above named has made application to this Department for Old Age Assistance and is having difficulty in proving his age at this time.

We would appreciate receiving an abstract of his age as then recorded in order that we may submit same with the application above stated.

Asking for an early reply and thanking you for your kind co-operation, we are,

Dear Sir: Re - Richard Wolfe
175 Logan Ave.

I have your letter of the 25th of November, 1952, relative to your enquiry as to the age of the above-named, who claims to have applied for homestead entry at Innisfree, Alberta, in November, 1912.

In reply, I regret to inform you that we are unable to trace a record of entry for Richard Wolfe in the said district. Our records indicate that one Robert Elsworth Wolfe applied for homestead entry on the 4th of April, 1913, for the S.W. 34-59-13-W-4th Meridian, and in his sworn statement dated the 11th August, 1919, in support of his application for Patent for the said land, he gave his age as 25 years. He was naturalized on the 27th of November, 1920.

We also have a record of one Richard Wolf, who in his sworn statement dated the 1st of August, 1914, in support of his application for Patent for the S.W. 23-6-6-W-3rd Meridian, Prov'nce of Saskatchewan, he gave his age as 26 years. He was naturalized on the 15th of October, 1914. This man also received a patent for the N.W. 23-6-6-W-3rd Meridian.

Yours very truly,

Ottawa, 15th September, 1921.

Mr. [illegible].

S.½ 1-29-14-W.4th M.
Homestead of Henry South.
Date of entry 1st. June, 1918.

S.½ 1-29-14-W.4th M.
Cancelled homestead of Andrew Whitelaw.

Cancellation proceedings were instituted against the S.½ 1-29-14-W.4th M. on behalf of C. [illegible] on the 23rd June last on account of no improvements and no residence.

According to the Militia Department Mr. South enlisted for active service on the 11th January 1915 and was discharged on the 30th April 1919 on general demobilization. He therefore did make entry subsequent to enlistment and it will be necessary for him to fulfill the necessary duties.

Mr. South has failed to file a defence.

On the 26th May the Agent wrote the Department pointing out that the S.½, 10-29-14-W.4th M. was being reserved in the records to enable the Militia homesteader, Henry South, to have an opportunity to secure same as a pre-emption on his return from active service.

The Agent was informed that under the receipt of a defence from Henry South in connection with the cancellation proceedings pending against his homestead, the S.½ 10-29-14-W.4th M., further action was to be deferred with respect to the disposition of the S.½ quarter.

As the homesteader has failed to file a defence I would recommend that the entry be cancelled and the S.½, 1 and the S.½, 10 be disposed of under the regulations.

I would recommend that the entry be cancelled and the S.½, 1 and the S.½, 10 be disposed of under the regulations.

Respectfully submitted

Sir,

N.W.T., 31-25-4, W.4th M.

I beg to acknowledge the receipt of your communication of the 3rd ultimo, your file 77087, with reference to the entry of Mr. Carl S. Olson for the above land; and in reply to say that according to your return Mr. Olson entered for the South-West Quarter of Section 31, 25, 4, West 4th Meridian, as a homestead, and the North-West Quarter of the same Section as a preemption.

As he has made application for patent for the North-West Quarter, his preemption, claiming residence thereon, I am therefore to request that you will interchange these entries so that Mr. Olson will hold this Quarter Section as his homestead and the South-West Quarter as his preemption.

When you have taken the necessary action kindly report to the Department in order that our records here may be altered, and the application for patent now filed with the Department may be dealt with.

I beg to acknowledge the receipt of your recent communication with reference to your application for patent for the North West quarter of Section 31, Township 25, Range 4, West of the 4th Meridian, and in reply to say that as you made application for patent for the land which now stands in the records here as your pre-emption, the Agent has been authorized to interchange the quarter-sections so that you will hold this land as your homestead and what is now your homestead be your pre-emption.

Sir,

I beg to acknowledge receipt of your letter of the 9th instant, your files 2201566- 2191768, and in reply to say that it is quite apparent that an error was made in my return in reporting the homestead and pre-emption entries of Carl C. Olson on the west half of section 31- 25- 4, west of the Fourth Meridian.

The files here show very clearly that Mr. Olson obtained homestead entry for the north-west and pre-emption entry for the south-west quarter of the afore-mentioned section, and, under the circumstances, I am taking no steps whatever to interchange his entries. His application for patent which he has made for the north-west quarter accordingly covers his homestead entry.

Sir,-

N.W.¼ of Sec. 31, Tp. 25, Rge. 4, West 4th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Your obedient servant,

Carl G. Olson, Esq.,

Acting Commissioner
of Dominion Lands.

L.J. - In reference to the SE¼ 13-27-5, W.4th M., in connection with which you desire to exercise your right of second homestead entry hereunder I may say that this land is reserved for hay purposes on the report of an Inspector that the quarter-section is unsuitable for agriculture, or as a stock homestead, but in view of your statement that 120 acres could be cultivated the Agent of Dominion Lands at Calgary is being requested by means of a copy of this letter to have your representations made the subject of a further investigation.

No. 11047

Mr. J. W. Judge,
Chairman,
Seed Grain and Relief Adjustment Board,
Edmonton, Alberta.

Dear Sir:

Re: Carl G. Olson
W½ 31-25-4-W.4th.
Joint Relief Advance

The above party obtained a Joint Relief Advance in the amount of Sixty-three dollars ($63.00) on April 13th,1920, giving as security a lien on the title to the above land. No payment has been made and there is presently a total outstanding of One hundred and ninety-nine dollars and fifty-four cents ($199.54) including accrued interest to March 31st,1951.

The debtor died in 1946 and left as his only surviving relative a son who had been carrying on his father's farming operations for a number of years. The son owned no land in his own name and any assets which he may have accumulated could not be separated from the assets of his father's estate. At the date of the debtor's demise, the assets of the estate were valued at Two thousand three hundred and fifty dollars ($2,350.00) consisting mainly of 640 acres of land valued at One thousand seven hundred and twenty dollars ($1,720.00) the balance consisting of household effects, 4 head of horses and a house in Oyen situated on rented land. The liabilities of the estate were One thousand, five hundred and seventeen dollars and seven cents ($1,517.07) consisting of balances owing on 480 acres of land in respect of mortgages and Agreements for Sale totalling Three hundred and thirty-five dollars ($335.00) as well as tax arrears, medical and funeral expenses. The valuation placed on the land would appear to be fair as same is situated within the Special Areas and in a township which has been declared eligible for awards under the Prairie Farm Assistance Act, 9 years out of the 11 in which awards have been granted.

It is evident that the son is not left in a strong position, the net value of the estate being Eight hundred and thirty-two dollars and ninety-three cents ($832.93). In view of this I have agreed to recommend acceptance of the offer now made by the son of Sixty-three dollars ($63.00), representing the principal amount of the advance, in full settlement of the account and I further recommend that the balance outstanding be written off and the liens discharged.

Provincial Seed Grain Advances of Two hundred and eight dollars and sixty-three cents ($208.63) have already been cancelled together with accrued interest.

OTTAWA - [illegible]

MEMORANDUM:

Request for Title under Order in Council of the 4th June, 1921, where duties completed by soldier settler,

Re: E. Stephenson,
S.W.¼ 20-30-2 W.4th M. (Hsd.)

The above-described land is the unpatented homestead of this settler.

Subsequent to the initial loan approved in his favour on the 15th May, 1918, the settler secured advances from the Board totalling $1796.55, as follows: removal of encumbrances, $500.00; stock and equipment, $846.55; permanent improvements, $150.00; special advances, $300.00. As security the Board holds a charge on the settler's homestead. The only other land security held by the Board in this case is title to the N.W.¼ 20-30-2 W.4th M., the settler's former soldier grant. Patent issued 7-15.

The Board is informed that the settler has completed the duties in connection with his homestead, and would be entitled to receive patent but for the Board's charge. This is confirmed by the letter from the Commissioner of Dominion Lands to the Board dated the 19th February, 1931.

The regulations approved by the Governor in Council on the 4th June, 1921, P.C. 1821, enable the Minister, on completion of duties by the settler and on the request of the Board to vest the settler's right, title and interest in the unpatented Dominion land held by him in the Board, title remaining in the Board until the settler's indebtedness has been repaid. Such transfer of title also enables the settler to negotiate a sale of the land with the view to repaying the loan he has obtained from the Board.

The settler has requested that title to the land be issued to the Board. There is nothing on file to show that he contemplates discontinuing his farming enterprise. However, the settler desires to have title issued as aforesaid in order that it may be held by the Board as security for the advances granted, and in order to be in a position to negotiate a sale should he decide to do so at a future date.

Under the provisions of the regulations referred to, the Board hereby requests that the right, title and interest of His Majesty in the S.W.¼ 20-30-2 W.4th M. be vested in the Soldier Settlement Board.

The Board has an effective charge on the land under the recent amendment to Section 26 of the Soldier Settlement Act, as all the advances referred to in the second paragraph hereof were made to the settler subsequent to the date of entry for his homestead.

A Vesting Order for signature is attached hereto.

Department of the Interior,

Charles Burns was on military service for over three years but took up his homestead by proxy after he enlisted.

Nothing done. Proceedings now pending. Burns wants until the 1st October next, no specific reason.

The adjoining quarter section was cancelled in 1917, and has been reserved until the present time under the old pre-emption regulations to give Burns a chance to take this quarter as a purchase on pre-emption terms under the authority of Chapter 19 of the Statutes of 1918, Section 38. Although Mr. Burns is not entitled to very much consideration, having been discharged for three years, I would suggest that he be given thirty days to take the adjoining quarter section if he wants it, this having been the practice where men were on military service when an adjoining quarter became available for them.

On the other hand, I think Mr. Burns should be informed that this is contingent upon his going on with the homestead duties at once and I suggest giving him final notice to the 1st June.

If he complies and takes the adjoining quarter he will lose nothing. On the other hand, if he is not prepared to go on with the duties by the 1st June, he will lose both quarters.

MEMORANDUM:- 2nd October, 1914.

M. H.L.

N.E.¼ 6--15--4--W. 4th M.
S.E.¼ 6--15--4--W. 4th M.
Pre. W. Young.

N.W.¼ 31--14--4--W.4th M.
Stock-Watering.

In April last Mr. A. O. Davies of Bowmanton, Alberta, represented to the Department that the N.E.¼ 6--15--4--W.4th M. should be reserved for stock-watering purposes in the interests of neighbouring settlers, and as the only approach to the water on this section was through the S.E.¼ of the same section, that this quarter-section be also reserved for stock-watering.

The Inspector who was asked to investigate reported on the 17th of August last that there is a very fine spring on the N.E ¼ 6, which supplies the settlers for miles around to the south and east with water, and that it is the only available water in the country except the Saskatchewan River about three miles to the South East, and which is almost inaccessible, owing to the deep, steep banks; that there is another spring on Section 18--15--4--W. 4th held under lease by one, J. Spencer, who has not to date fenced the land, but if he did the only available water in the district would be on the N.E.¼ 6, above mentioned.

The Inspector recommends that the N.E.¼ 6 be reserved and kept open for watering purposes. He states that the spring is used not only for stock but in the case of at least twelve or fifteen families for household purposes.

The

The Inspector says the only means of approach to the spring owing to the deep cut banks of the coulee in which it is located is through the S.E.¼ 6, the pre-emption of Mr. E. Young, whose homestead is the S.W.¼ of the same Section.

The Inspector suggests that the S.E.¼ be withdrawn from Mr. Young and held along with the N.E.¼ for the watering reserve, and that in lieu of the S.E.¼ Mr. Young be allowed to pre-empt the N.W.¼ 31--14--4--W. 4th M. which abutts on his homestead for more than one-eighth of a mile, at present held as a water reserve, but which is good level agricultural land, and has not a drop of water on it.

The Inspector thinks that the action he suggests would be in the best interests of the settlers in the district, and he says that Mr. Young expressed his willingness to have his pre-emption entry transferred to the N.W.¼ of 31.

Mr. Young's homestead and pre-emption entries are in good standing, and I would suggest that the Inspector's recommendation be given effect to.

After Mr. Young's pre-emption has been transferred, the matter could be referred to Mr. York in regard to the reserve of the E.½ 6 for stock-watering purposes.

Mr. Young might now be asked to write here stating whether he is willing to have his pre-emption entry transferred to the N.W.¼ 31--14--4--W. 4th M.

MINTO ONTARIO

In April last Mr. A. O. Davies of Bowmanton, Alberta, represented to the Department that the N.E.¼ 6--15--4 W. 4th M. should be reserved for stock-watering purposes in the interests of neighbouring settlers, and as the only approach to the water on this Section was through the S.E.¼ of the same Section, that this quarter-section be also reserved for stock-watering.

The Inspector who was asked to investigate reported on the 17th of August last that there is a very fine spring on the N.E.¼ 6, which supplies the settlers for miles around to the south and east with water, and that it is the only available water in the country except the Saskatchewan River about three miles to the South East, and which is almost inaccessible, owing to the deep, steep banks; that there is another spring on Section 18--15--4--W. 4th held under lease by one, J. Spencer, who has not to date fenced the land, but if he did the only available water in the district would be on the N.E.¼ 6, above mentioned.

The Inspector recommends that the N.E.¼ 6 be reserved and kept open for watering purposes. He states that the spring is used not only for stock but in the case of at least twelve or fifteen families for household purposes.

The Inspector says the only means of approach to the spring owing to the

over

deep cut banks of the coulee in which it is located is through the S.W.¼ 6, the pre-emption of Mr. S. Young, whose homestead is the N.W.¼ of the same section.

Kindly see sketch of land attached to my memo. of the 2nd ultimo. (Marked)

The Inspector suggests that the S.E.¼ be withdrawn from Mr. Young and held along with the N.E.¼ for the watering reserve, and that in lieu of the S.E.¼ Mr. Young be allowed to pre-empt the S.W.¼ 31--14--4--W. 4th M. which abutts on his homestead for more than one-eighth of a mile, at present held as a water reserve, but which is good level agricultural land, and has not a drop of water on it.

The Inspector thinks that the action he suggests would be in the best interests of the settlers in the district, and he says that Mr. Young expressed his willingness to have his pre-emption entry transferred to the N.W.¼ of 31.

Mr. Young's homestead and pre-emption entries are in good standing, and I would suggest that the Inspector's recommendation be given effect to. He was further informed regarding Inspector's suggestions and he has now executed a declaration of abandonment in connection with his pre-emption, the S.W.¼ of 6. He claims to have dug a well on the quarter-section worth $25.00. It will not be possible to recompense him, therefore, if the land is reserved. He does not appear to be particularly anxious to have his pre-emption entry transferred to the S.E.¼ 31 but states he would be glad to secure this quarter-section if his pre-emption entry cannot be transferred to a quarter-section in the more central portion of Alberta, where he says farming conditions are more favourable.

If it is decided to reserve the E.½ 6 for stock-watering purposes, the matter should be referred to Mr. York, in order to have the N.W.¼ 31 withdrawn from stock-watering. This Branch would then be in a position to transfer thereto Mr. Young's pre-emption entry, and Mr. York would then take the necessary action with a view to reserving the E.½ 6.

REPORT ON STOCK-WATERING RESERVE.

Date of inspection: Aug.31,1918.

Location: E½-sec.6-15-4-4th.

Water supply: 1.Perennial spring.
2.Spring creek flowing until about July or August as a rule.

Water in the vicinity is rather scarce excepting in spring time. The wells as a rule are strongly alkali and neighbouring farms haul water from this spring for domestic purposes.

Accessibility of reserve: The reserve is quite easy of access from any of the neighbouring travelled roads.

Accessibility of water:

1.The spring is accessible by wagons only through the coulee where a trail has been improved for that purpose. It is easy of access to cattle.

2.The creek is followed by a fairly good trail from the prairie to the spring.

Quality of land:-

1. NE¼-consists of about 60 acres of good farming land at the top of the steep slope of the valley. The rest is too steep, rough and stony for farming. The soil on the top is a sandy loam. The vegetation is short prairie grass.

2. The SE¼ consists of about 30 acres of flat prairie on top and about 30 acres of rather steep land in the valley that could be cultivated. The rest is too steep, stony and rough for agricultural purposes. The soil is mostly clay loam and vegetation short prairie grass.

Surrounding country: To the east the country is generally settled and fenced. The district is in the dry belt and water generally poor and scarce. To the west are steep slopes dropping to the South Saskatchewan river.

General: The spring is one of the few sources in the whole district where good drinking water may be obtained. Any talk of the reserve being cancelled is met by indignant protests from the settlers around. Legal subdivisions 2, 8, 9, and 16 might be sold or leased to the neighbouring settlers without harming the value of the water reserve as such.

Recommendation: That the reserve be maintained as such, or should there be a demand for farming land, legal subdivisions 2, 8, 9 and 16 might be leased or sold and the rest maintained as a stock-watering reserve.

MEMORANDUM:

Mr. Greenway,

Commissioner, Dominion Lands Branch.

RE: E½-6-15-4-4 (a stock-watering reserve.)

This land was inspected by one of our engineers in connection with the investigation of the water supply problem in Southern Alberta, and I am sending you, herewith, a copy of the report. In view of the information now to hand it is desirable that this land be retained for water supply purposes and the interests of the Reclamation Service will be amply protected as long as the existing stock-watering reservation is maintained.

You will observe from the report that approximately 75% of the section is unfit for cultivation on account of its roughness.

I am attaching four red sheets, containing full information of the inspection, and I shall be glad if you will have them attached to the land files affected.

REPORT ON STOCK-WATERING RESERVE.

Date of inspection: Aug.31,1918.

Location: E½-sec.6-15-4-4th.

Water supply: 1.Perennial spring.
2.Spring creek flowing until about July or August as a rule.

Water in the vicinity is rather scarce excepting in spring time. The wells as a rule are strongly alkali and neighbouring farms haul water from this spring for domestic purposes.

Accessibility of reserve: The reserve is quite easy of access from any of the neighbouring travelled roads.

Accessibility of water:

1.The spring is accessible by wagons only through the coulee where a trail has been improved for that purpose. It is easy of access to cattle.

2.The creek is followed by a fairly good trail from the prairie to the spring.

Quality of land:-

1. NE¼-consists of about 60 acres of good farming land at the top of the steep slope of the valley. The rest is too steep, rough and stony for farming. The soil on the top is a sandy loam. The vegetation is short prairie grass.

Date of entry 7th April, 1917, 6th August, 1917.

I beg to call your attention to the fact that this entry is now over five years old. Please take ordinary cancellation proceedings at once on Form 334 on the ground of failure to apply for patent.

Form 335 and the leaflet entitled "Applications for Patent by Persons who are Debarred by Law from Securing Naturalization" should accompany your notice to the entrant on Form 334.

If the entrant files a defence or an application for patent, the same should be referred to Head Office together with any evidence submitted by the applicant regarding naturalization or application made by him for a Certificate in Form K.

On the expiry of 60 days from the date of your notice, if the entrant has not been heard from, an Inspector's report should be ordered.

The Inspector should give full information as to the nature of the land using the words provided in the form of report for that purpose. When you receive the Inspector's report you should forward it with your recommendation to Head Office for consideration.

A copy of any letter or form issued by you in this case should be sent to Head Office with the usual [illegible].

RE: Account of Robert Bruce
S½ 12-1-2-W.4th

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1918 seed grain amounting to $177.33 was advanced to Robert Bruce on the security of the above mentioned land. A payment of $7.00 was received in 1919 and applied to the principal and interest. The present standing of this account is:-

Principal	Interest	Total
$177.18	$328.44	$505.62

Patent was issued in the name of Robert Bruce for the S.E. ¼ 12-1-2-W.4th on the 13th of August, 1923, subject to the 1918 lien. The S.W. ¼ 12-1-2-W.4 was formerly the pre-emption entry of the debtor whose entry was cancelled on the 20th of May, 1926, and the land is still unalienated Crown land held in the right of the Province.

This half section of land is of very low assessed value and has never been revenue producing sufficiently to enable the repayment of the lien. In 1925 the homestead inspector described the land as of sandy clay with level gumbo flats. Area fit for cultivation about 95 acres, hay land nil. The debtor was not in residence but was living in the locality.

According to an Abstract of Title dated the 10th of January, 1956, the S.E. ¼ 12-1-2-W.4th is now registered in the name of the Minister of Municipal Affairs of the Province of Alberta, subject only to our lien, while the S.W. ¼ 12-1-2-W.4th is shown as unpatented Crown land held in the right of the Province. As such the land no longer offers any security of value for our lien.

Under the circumstances it is recommended that the balance of the indebtedness be cancelled and the lien discharged.

MEMORANDUM:

Referring to your memorandum of February 4th on file 2191850, herewith, a new plan of township 45, range 10, west of the fourth meridian was compiled, checked and drawn showing, in accordance with the patent sketch furnished by your office areas on the northeast quarter of section 4 and the southwest quarter of section 34.

This patent sketch was amended on the 6th February to show that among other parcels both the above mentioned quarter sections had been patented and the areas were then removed from the fair copy.

As your memorandum of February 4 shows that the northeast quarter of section 4 is not yet patented a corrected sketch was asked for. This has just been received and shows neither of the above mentioned as patented. This necessitates taking the fair copy from the photographers, making corrections on the rough plan and sending both to the draughtsmen so that the corrections may be shown on the fair copy.

These explanations are offered so that, if possible, greater care may be taken in the preparation of patent sketches in order to avoid delay and additional work in the completion of the official plans.

A sketch is attached showing the area of the northeast

quarter of section 4 as it will appear on the plan. The area of the southwest quarter of section 34 is shown by the sketch which accompanied my memorandum of December 31st, 1914 on file 1635100.

Preemption - John Beringer.

I beg to acknowledge the receipt of your letter of the 23rd ultimo with regard to the removal of certain buildings from the above named entrant's patented homestead to his unpatented preemption. In this connection I am to advise you that the settlement duties on the preemption have been completed, but patent for the land cannot issue until the payments have been completed.

As the preemption stands in the name of the entrant at the present time, the improvements are regarded as his property and the matter would appear to be one that rests between your Company and the entrant. I may point out, however, that in the event of the cancellation of this entry the land would revert to this Department and all improvements which were on the land at that time would become the property of the Crown and could not be removed.

Dear Sirs: Re M 3069 - John Bellinger
Your files 419340 & 2191881

Answering your letter of the 8th inst.

It is because of the fact we felt your department might cancel this farmer's entry to his pre-emption S.E. 2-15-2W 4 that we advised you regarding the buildings.

Bellinger claims he had to move those buildings from our security representing his homestead to the pre-emption for water purposes and if we forced him to replace the buildings now it is going to cause him a good deal of inconvenience. If your Department are not prepared to advise us immediately that in the event of the pre-emption entry being cancelled by you, we will be permitted to see that the buildings are moved off the land, then we would like to hear from you at once as it will be necessary for us to demand that Bellinger replace the buildings.

We shall be glad to hear from you.

Yours truly,

Western Superintendent, L.D.

33. In the event of there being more than one applicant claiming the prior right of entry under the preceding section, the priority of their claims shall be determined by the priority of the dates of their respective entries, or the commencement of residence in the case of squatters before survey.

34. To ensure due consideration being given to the rights of all persons claiming priority, the Agent shall receive all applications for entry offering under the preceding section, if requested to do so, but shall issue no certificate for entry for such land until the close of the office hours of the day on which the prior right of entry is considered; or until the evening of the following day;

Provided further that if on account of sickness or other satisfactory reason shown to the Agent, a settler who according to the records has a prior right of entry over all other applicants, is unable to appear in person on such day, the Agent may hold the land for such settler for a reasonable length of time, reporting immediately all the circumstances of the case to the Board;

Provided also that if the Agent is in doubt as to the priority of any applicant, he shall not grant entry on the land affected, but refer the matter to the Board for consideration.

35. Any land which, after having been posted in the manner hereinbefore prescribed, has not been first entered for by an adjoining settler on the first day on which such land became available for entry, or if it has not been reserved for any of the reasons above mentioned, it shall be open for entry on the following day to any settler eligible to make entry under these regulations.

Right of Entry in Area A Restricted

Sir:

I beg to acknowledge receipt of your letter of the [illegible]t ult. with reference to the seed grain, [illegible]der and relief indebtedness charged against the South East quarter of Section 2, Township 15, [illegible] West of the [illegible]r.

For your information I am already aware that Mr. [illegible] Meierle holds [illegible] under lease as Mr. Meierle holds [illegible] reference to. [illegible]4 on the land referred to. The fact that Mr. Meierle is [illegible] lessee of the property in no way relieves you of your liability for the payment of the [illegible] indebtedness in question. The advances were made to you and I do not see why it is necessary that settlement of the indebtedness be made as promptly as possible as it is not the wish of the Department that this matter remain as at present for an indefinite period.

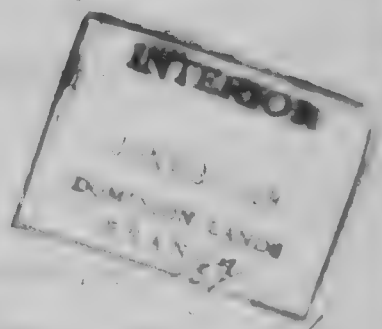

The total indebtedness as at March 31st, 1923 was $[illegible].14 with interest at 7% on $60.0[illegible] from March 31st, 19[illegible] to date of payment. I would request that I be advised by return mail regarding your arrangements for settlement of this indebtedness.

The S.". 2-15-2-4 was the debtor's patented land, title to which was lost in 1928 through foreclosure action instituted by the Excelsior Life Insurance Company.

The S.". 2-15-2-4 was the debtor's unpatented pre-emption entry which was cancelled and, therefore, no longer represents security for these advances.

The debtor himself moved from this part of the Province in the Fall of 1929 with a view to re-establishing himself elsewhere under more favorable conditions and our file indicates that after he had located in two different territories on three different parcels of land he again moved and all further trace of him was lost.

As there is no possibility of obtaining repayment under the personal covenant and as no security remains I would recommend that the balance outstanding be written off.

Re: Account of John Beringer
S.E. 2-15-2-W4

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1920 seed grain amounting to $60.00 was advanced to John Beringer on the security of the above mentioned land. A payment of $25.00 was received in 1927 and applied to the interest. The present standing of this account if:-

Principal	Interest	Total
$ 60.00	$ 120.94	$ 180.94

The S.E. 2-15-2-W4 was formerly the homestead entry of John Beringer on which security he obtained an advance of seed grain in 1920. His entry was cancelled on the 14th of April 1926, and the land is still unalienated Crown land held in the right of the Province.

The land is presently leased for grazing purposes under the jurisdiction of the Department of Lands and Forests, Province of Alberta.

As the land no longer offers any security of value and is such that it cannot be used for farming purposes, it is recommended that the indebtedness be cancelled.

The Soldier Settlement Board
Canada

3565090
File No. 4-2195

OTTAWA - MAY 12 1931

MEMORANDUM:

Request for Title under Order in Council [illegible] of the 4th June, 1921, where duties completed by soldier settler.

RE: C. N. Ross.
N.E.¼ 27-56-9 W.5th M. (Hsd)
S.E.¼ 33-56-9 W.5th M. (S.G)

The above described lands are the unpatented homestead and soldier grant of this settler.

Subsequent to the initial loan approved in his favour on November 10, 1919, the settler secured advances from the Board totalling $[illegible].00, as follows: stock and equipment, $[illegible]; permanent improvements, $[illegible].40; special advances, $[illegible].00. As security the Board holds a charge on the settler's homestead and soldier grant. The Board holds no other land security in this case.

The Board is informed that the settler has completed the duties in connection with his homestead and soldier grant, and would be entitled to receive patent but for the Board's charge. This is confirmed by the letters from the Commissioner of Dominion Lands to the settler, dated the 31st March, 1931.

The regulations approved by the Governor in Council on the 4th June, 1921, P.C. 1421, enable the Minister, on completion of duties by the settler and on the request of the Board to vest the settler's right, title and interest in the unpatented Dominion land held by him in the Board, title remaining in the Board until the settler's indebtedness has been repaid. Such transfer of title also enables the settler to negotiate a sale of the land with the view to repaying the loan he has obtained from the Board.

The settler has requested that title to the land be issued to the Board. There is nothing on file to show that he contemplates discontinuing his farming enterprise. However, the settler desires to have title issued as aforesaid in order that it may be held by the Board as security for the advances granted, and in order to be in a position to negotiate a sale should he decide to do so at a future date.

Under the provisions of the regulations referred to, the Board hereby requests that the right, title and interest of His Majesty in the N.E.¼ [illegible] W.5th and the S.E.¼ [illegible] W.5th be vested in the Soldier Settlement Board.

The Board has an effective charge on the land under the present amendment to Section [illegible] of the Soldier Settlement Act, as all of the advances referred to in the second paragraph hereof were made to the settler subsequent to the date of entry for his homestead and soldier grant.

A vesting Order for signature is attached hereto.

Vesting order checked and found correct

of the Interior,

Sir,

Re W. T. 1 SP--4T--1 W. 4th 1.

I am directed to say that the above quarter-section was patented to the Hudson's Bay Company on the 19th December, 1908. A notification of the issue of this patent was forwarded to the Agent of Dominion Lands at Battleford at the time. Through a most unfortunate error in posting the notification into the township register of the Land Office the patent was noted against the W. 1, instead of the W. 4, of this section, thus apparently leaving the W. 4 vacant Dominion land.

In the spring of this present year Mr. Charles Carvill came out to Canada from Scotland, and on the 5th June made homestead entry for the above-mentioned W. 1. 4 of Section 22. Mr. Carvill states that he spent upwards of $200 in connection with selecting a homestead; that to run a horse and improvements on it must cost over $300 and that he is in residence on the land. It further appears that a girl from Scotland is on her way out to marry Mr. Carvill. As he is very anxious to retain this particular quarter-section, I am to say that the Department would be very

Sir,-

S.E.¼ of Sec. 4 Tp. 49 Rge. 4 West 5th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that an amendment to the Dominion Lands Act has been passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1918, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Your obedient servant,

Acting Commissioner
of Dominion Lands.

18th November, 194[illegible].

Dear Sir:

In your letter of November [illegible]th, your file No. 142/40, you asked whether or not evidence of naturalization was furnished by the entrant for the S.E. ¼ 36-35-4-4 when application for patent was made.

This man, who was born in Central Russia according to our records, could not read or write and evidently was known by two names due his lack of knowledge of the English language. He filed on this land under the name of Samuel Keban. The land was patented in the name of Samuel Kieban whose Certificate of Naturalization was dated April 4th, 1912.

The S.E. ¼ of this section was this man's pre-emption and I am attaching a copy of a statutory declaration regarding his name.

Patent for the pre-emption issued in the name of Samuel Korobo on March 2nd 19[illegible]0.

...TTAWA, April 2..., 1924.

The Honourable Charles Stewart,
Minister of the Interior,
O t t a w a, Ontario.

Sir:

Re Loan to Soldier Settler.

Name: Joshua Cole - 1...5.
S. E. 2. 44. 4. West 5th ...
- Edmonton District -

On the 4th of April 1918, a loan of $6... was approved in favour of Joshua Cole, a qualified soldier settler, and, as security for its advance, a charge was arranged by the Board upon the above described land, the homestead entry of the said settler. The loan in this case was subsequently increased by additional approvals to $1770., and of this amount, $1550.61 was expended by the Board on the settler's behalf in the purchase of stock and equipment and permanent improvements.

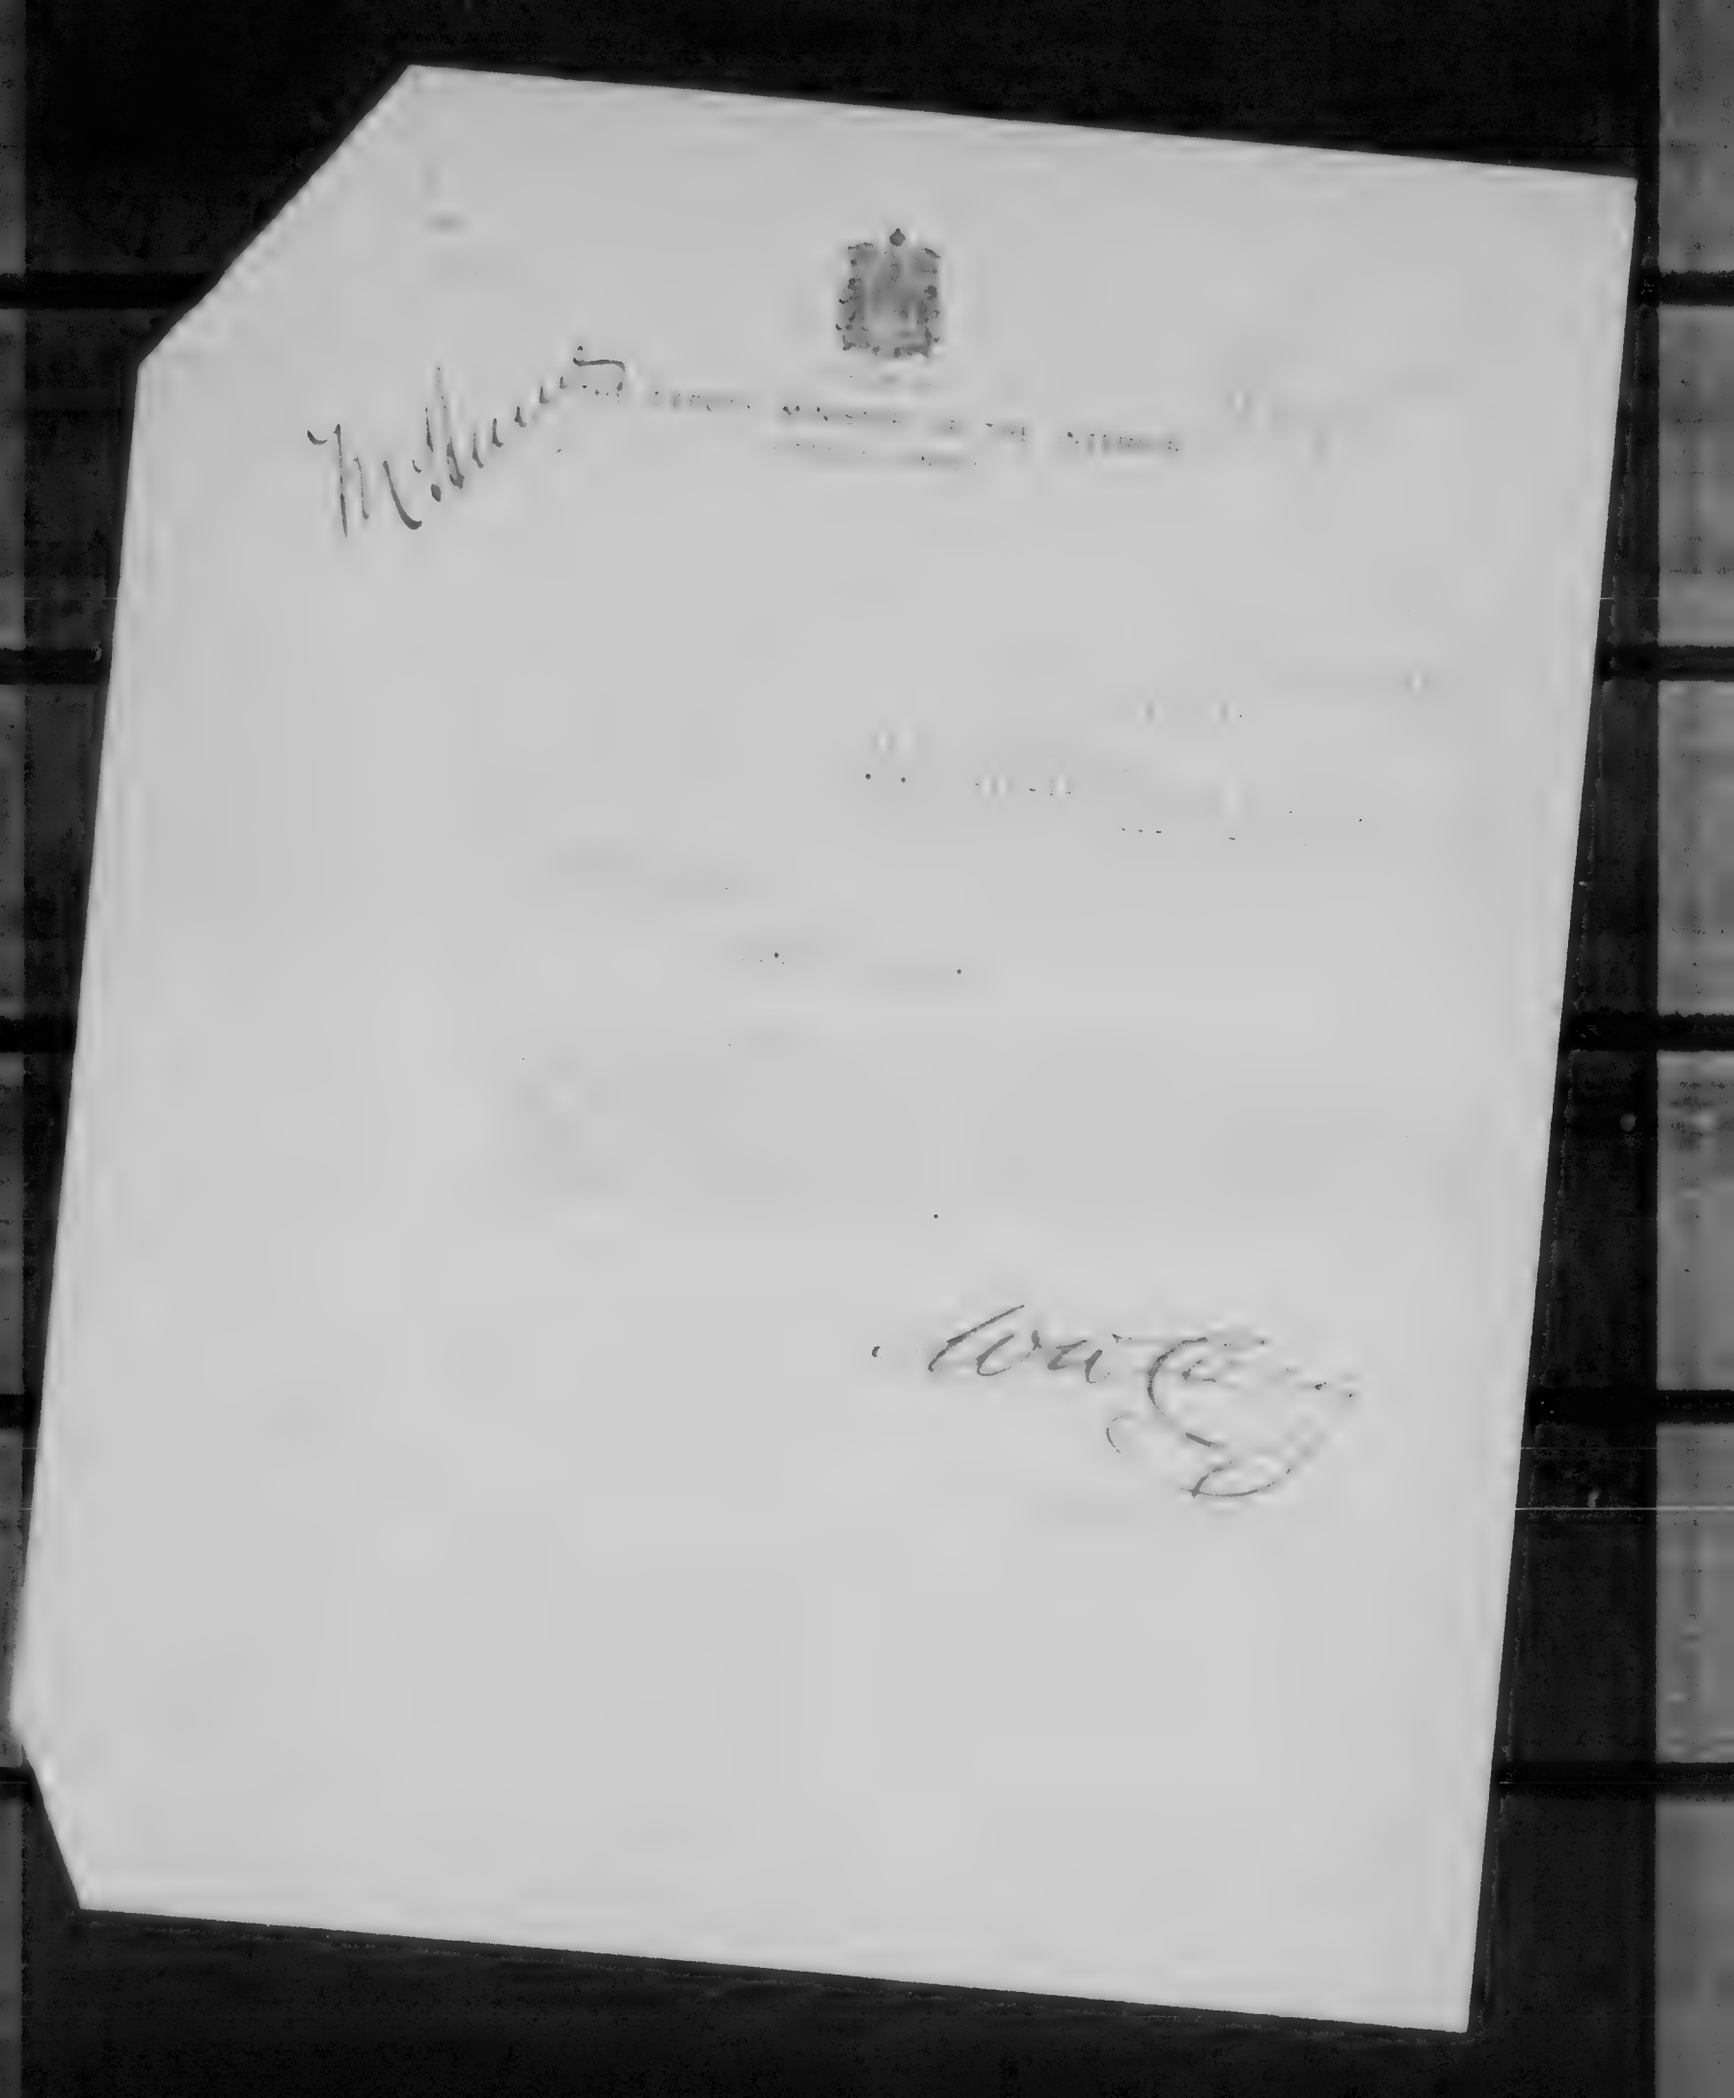

The settler died in February 1923, while a patient in the Sanatorium at Calgary. The Board was unable to locate anyone desirous of assuming the administration of the estate, the public administrator and the nearest relative declining to take out letters of Administration, and in order to protect its interests, the Board was compelled to institute adjustment proceedings. In due course, the agreement of the settler was rescinded pursuant to a Thirty Day Notice of Intention to Rescind Contract, which was served on the 4th of August, 1923.

The land in question being "abandoned land" within the meaning of Section 27 of The Soldier Settlement Act, and the settler being in default with regard to the terms and conditions of the agreement made with the Board, it is hereby requested that the right, title and interest of the settler in the above land be forfeited, and that the said right, title and interest of the settler and also the right, title and interest of His Majesty in and in the said "abandoned land" be vested in the Board.

A vesting order for ... is attached hereto.

I have your letter of the 18th March last, asking enquiry concerning the quarter-sections above mentioned in pursuance of your desire to obtain entry for a homestead, and in reply to report as follows:-

S.E. 14-14-3-...4th W.

This is the unpatented pre-emption of Jackson McDonald, who has completed the duties to entitle him to patent other than payment of the purchase price. According to latest information on file Mr. McDonald is credited with being in residence on his patented homestead, the S.E. 25-14-3-...4th W., and the matter of payment of the purchase price is now in the hands of a Homestead Inspector for collection.

N.E. 14- 4-3-...4th W.

This is the pre-emption of Noah H. Schaffer who has also completed the duties to entitle him to patent, other than payment of the purchase price. However, in this case cancellation proceedings are pending and from information on file it is understood that Mr. Schaffer intends to return this spring and put the land in crop.

Re: S.E. 25 & N.E. 24-24-5-W4

This Department has an old account against the above noted land for advances of relief, fodder and seed grain to Jackson McDonald in 1931. We are anxious to bring our records up-to-date and if possible to settle this long outstanding account. It would assist us greatly if you would be kind enough to complete the attached form.

An addressed envelope which does not require a stamp is enclosed for this purpose.

Re: Account of Jackson McDonald
S.W. 25 & N.W. 24-24-5-W4

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:

In 1915 seed grain, fodder and relief amounting to $296.50 were advanced to Jackson McDonald on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:

Principal	Interest	Total
$ 296.50	$ 559.38	$ 855.88

Patent was issued in the name of Jackson McDonald for the S.W. 25-24-5-W4 on the 24th of March 1916, subject to the 1915 liens. The N.W. 24-24-5-W4 was formerly pre-emption entry of the debtor whose entry was cancelled and the land is still unalienated Crown Land held in the right of the Province.

The S.W. 25-24-5-W4 is presently assessed in the name of a Mr. William McDonald. The land is of poor value and there is an accumulation of $365.74 arrears of taxes outstanding against this quarter. Apparently due to its low value the Municipality has never bothered to acquire title under the Tax Enforcement Act.

In reply to our questionnaire of the 20th of May 1952, J.H. Todrick, Supervisor, Special Areas, Department of Municipal Affairs, Province of Alberta, worte as follows:

"The NW¼ 24 is unalienated crown land occupied at present under a long term grazing lease. This land is located in that part of the Province designated Special Areas and as such there is little likelihood of same ever being disposed of by sale or utilized for any purpose other than grazing."

The information obtained indicates that the land is unsuitable for farming purposes and no longer offers any security of value for our liens. Under the circumstances it is recommended that the indebtedness be cancelled and the liens discharged.

In reply to your communication of the 3rd instant, with enclosures, in which you ...tion to the fact that it would appear the part in question, Homen Saturnin, although an Austrian by birth, is a citizen of the Empire of Russia.

I am to inform you that upon looking up the papers relating to the previous land entry by this party under homesteading, it is noted that in the application for entry, in answer to question three, he set out he was a citizen of Austria, that his country of birth was Austria, and the Sub-division Galicia.

It is all too evident Mr. Saturnin cannot, under the regulations, be granted a homestead entry, and that under the circumstances the entry granted him for the South West ¼ of Section 7, must be cancelled and the land disposed of in accordance with the regulations.

Pre-emption - Ernest E. Conner.
Entry granted 9th October, 1917.

Cancellation proceedings outstanding.

Mr. Conner originally entered for the N.W.¼ 21 as a homestead and the N.E.¼ 20 as a pre-emption, but his entries were interchanged in 1919.

He enlisted on the 19th August, 1918, and was discharged as medically unfit on the 17th December, 1918. This can only give him credit for one term of actual residence.

Cancellation proceedings were instituted against his entries by the Department on the 7th September last and no defence appears to have been received. A Homestead Inspector has reported that Mr. Conner left the district three years ago and the only improvements on the land consist of a frame house valued at $25.00 and 20 acres of breaking which has now gone back to sod and is of no value.

As the Department of Soldiers' Civil Re-establishment report that they have no record of this man in their Department and as notice of the institution of cancellation proceedings was forwarded to the address given by Mr. Conner on discharge, I would recommend that his entries be cancelled and the land made available for grazing purposes as the Inspector has reported that the land is only suitable for grazing purposes.

This land is unalienated crown land covered at present by a long term grazing lease issued by this department. This land is located in that part of the Province designated "Special Areas" and as such there is little likelihood of same ever being disposed of by sale or utilized for any purpose other than grazing.

Re: Account of Ernest E. Conner
N.E. 20 & N.W. 21-24-5-W4

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1920 seed grain amounting to $135.90 was advanced to Ernest E. Conner on the security of the above mentioned land. A payment of $30.00 was received in 1925 and applied to the interest. The present standing of this account is:-

Principal	Interest	Total
$ 135.90	$ 273.05	$ 408.95

The N.E. 20-24-5-W4 and the N.W. 21-24-5-W4 were formerly the homestead and pre-emption entries of the debtor on which security he obtained an advance of seed grain in 1920. Both of his entries were cancelled on the 23rd of July 1923 and the land is still unalienated Crown land held in the right of the Province.

In reply to our questionaire of the 8th of February 1952, J.H. Todrick, Supervisor, Special Areas, Department of Municipal Affairs, Province of Alberta, wrote as follows:-

"This land is unalienated crown land covered at present by a long term grazing lease issued by this department. This land is located in that part of the Province designated "Special Areas" and as such there is little likelihood of same ever being disposed of by sale or utilized for any purpose other than grazing."

As the land no longer offers any security of value and is such that it cannot be used for farming purposes, it is recommended that the indebtedness be cancelled.

Re: Account of Ernest E. Conner
N.E. 20 & N.W. 21-24-5-W4

The undersigned member of the Seed Grain Advisory Board, having taken into consideration the attached report, approves the settlement outlined therein and does hereby recommend:-

1. That the indebtedness, which is more particularly described in the attached report, be cancelled without the requirement of any payment.

Dear Sir:

Re: S.W. 10-40-5 W. 4th Mer.

I am in receipt of correspondence from Mr. [illegible] Sellin, Metiskow, Alberta, written on behalf of Viktor Israelson, the present owner of the above described land re seed grain lien for $121.50, filed in April, 1919 and registered in the Land Titles Office, Edmonton November 14th, 1919 as No. [illegible] L.T.O.

This lien was made by Viktor Israelson on the Specific security of the S.W. 10-40-5 W. 4th Mer., claimed homestead of the lienee and subsequently became registered against title to the S.W. 10-40-5 W. 4th Mer., his second homestead.

This indebtedness was paid in full and under cover of our letter of the 14th March, 1946, addressed to the Registrar at Edmonton, we forwarded discharge in full of the lien for $121.50 given by Viktor Israelson in connection with the above described land and advising the Registrar to take the necessary action to remove the registrations made under this lien affecting this or any other land. Apparently the lien for $121.50 remains attached to the said of Title to the S.W. 10-40-5 W. 4th and you are hereby authorized and requested to remove the lien for $121.50 affecting title to the S.W. 10-40-5 W. 4th Mer. Copy of this letter is being sent to Mr. [illegible] Sellin for his information.

Yours very truly,

Sir,-

N.E. ¼ Sec. 34 Tp. 56 Rge. 14 West 5th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Your obedient servant,

Acting Commissioner
of Dominion Lands.

Secretary
Department of the Interior
Ottawa, Canada

Dear Sir:

Re: Land S.E.¼ 32-14-4-W.4th M.

I sold the above described land on a contract in 1915. The man (Pierre, (the buyer), fenced the land and cross-fenced it. He dug two wells and built a new house and barn. (The house was five-roomed and plastered). He farmed the land for three years. I also sold him some stock and machinery. The weather turned dry and there were no crops, and he left the place in about 1918. I financed him for the stock and machinery.

I am writing you to inquire if there is any chance in any way for me to redeem this land from you. If so, what will it cost me? Also, what is the procedure?

The man to whom I sold the above land on contract was Peter Donaldson, Bowmanton, Alberta.

I also have another piece of land in the Swalker District which I am interested in redeeming. However, I do not have the description at hand, but will write you about this at a later date. This property adjoins the town site. It was homesteaded by M. B. Steele. This man was called for the World War and died one year later. My daughter married this man. I have had this land rented every year since; and for the last ten years I have had to finance my renter a big share of the time. He wrote me the other day that the government claimed one sixth of the crop. I think I paid you a part of the taxes last year, and was informed that was all that would be necessary; And as you probably know, there is no chance of getting any money out of Can., owing to the war. This is all of the support that my daughter has. You can readily understand there hasn't been much income off of this land for the last ten years.

Please let me hear from you by return mail, so that I can make arrangements with my renter to have the land this year.

Very truly yours,

P. S.
My daughter receives a pension from her husband's death.

FILE

Dear Sir:

Your letter of April 18th has been received in this office, and regarding your enquiry about redeeming your land, I may say that patented land would be under the laws of the province in which the land is situated and the Dominion government would have no control over the property. Taxes would be collected by the local authorities.

I would suggest that you write to the Department of Municipal Affairs, Edmonton, Alberta, for information about your land.

Yours very truly,

J. Lorne Turner,
Registrar of Lands.
